

ENVIRONMENTAL POLICY

Multilec Engineering Pty Ltd is a business that supplies specialised mechanical and electrical solutions for our clients in equipment installation, design and manufacture of electrical control systems and electrical services.

MULTILEC ENGINEERING PTY LTD recognises the importance of protecting the environment for the benefit of our customers, workers, shareholders and the community. Our commitment is to deliver our projects in an environmentally responsible manner.

Specifically, **MULTILEC ENGINEERING PTY LTD** is committed to:

- complying with all relevant environmental legislation, regulations, codes of practice and contractual conditions
- preventing the pollution of the environment by activities under our control
- conducting business with suppliers and sub-contractors who also have a commitment to responsible environmental management
- continually improving our environmental management performance by regular reviews and setting realistic environmental objectives and targets.

To achieve our Environmental Policy, we will plan and manage our activities in accordance with best practice principals.

Compliance with this Environmental Policy is mandatory for all workers and is a condition of employment and contract. Through training and education, all workers will be capable of meeting the objectives of this Policy.

MULTILEC ENGINEERING PTY LTD is committed to:

- conducting regular environmental audits of our operations to ensure waste and pollution are prevented or minimised
- maintaining a commitment to continually improve environmental management
- maintaining a framework for reviewing environmental objectives and targets through analysing the environmental risks at each new site
- cooperating with appropriate authorities and ensuring all licences, approvals and permits are current
- developing and implementing emergency plans in order to minimise any adverse environmental impact.

Management fully endorses this Environmental Policy and the HSEQ Management Manual that has been implemented.
